Growing Learning Opportunities  
Beyond All Limits

# Rutherford County Schools Education Foundation

The stakeholders of Rutherford County Schools have a vision to provide all Rutherford County Schools students with the 21st century learning tools that are currently available to students at REaCH. In the 1:1 learning environment, all REaCH teachers and students have been provided with a laptop and each classroom is equipped with 21st century learning tools such as interactive whiteboards and document cameras. Using these tools, teachers and students are participating in inquiry-based, authentic learning experiences promoting critical thinking, problem-solving, collaboration and innovation.

**Rutherford County Schools  
Education Foundation  
is committed to providing  
LAPTOP COMPUTERS  
for every Rutherford County  
Schools student in  
GRADES 6 - 12.**

In June 2008, the Rutherford County Board of Commissioners and the Rutherford County Schools Board of Education jointly established the 21st Century Blue Ribbon Commission, chaired by Dr. Bob England, for the purpose of developing a plan to provide the necessary tools for 21st century learning and teaching. The commission held a kick-off meeting in September 2008 to involve all stakeholders in this planning stage. An executive committee was established and has formed sub-committees to address each area of the plan to provide the necessary resources.

The Rutherford County Schools Education Foundation (RCSEF) was established in 2009 for the purpose of enriching the education of Rutherford County Schools' students, teachers, and the community. Specifically, the Rutherford County Schools Education Foundation is committed to providing laptop computers for every Rutherford County Schools student in grades 6-12.

**Thank you for your contribution to the Rutherford County Schools Education Foundation.** Your involvement is critical to the success of this important transition for our schools and students. Please complete this pledge card so that we may continue to provide you information and acknowledgement of your donation.

**For only \$25 per month  
(\$300 per year) your donation  
can provide one student with  
a laptop for one year.**

## DONATION LEVELS

### Superintendent's Round Table Member

At least \$1,200 annually for 4 years

### Going Global Partner

At least \$300 annually for 4 years

### Going Global Sponsor
